WE AIM TO BUILD A WORLD WHERE DIVERSITY IS  
VALUED AND ALLOWS ALL COMMUNITIES OF THE  
SEXUAL AND GENDER DIVERSITY (SGD) TO SHINE  
FORTH THROUGHOUT THE WORLD.

## OUR MISSION

Montréal Pride's mission spans several aspects. In addition to annually organizing the largest national festival of communities of the sexual and gender diversity (SGD), we seek to demystify and create public awareness of the realities of our Québec-based GSD communities, to foster the advancement of human rights for all persons of the GSD be they local or from elsewhere and to highlight the work of the Montréal-based groups fighting against discrimination based on sexual orientation, gender identity and serophobia. Moreover, Montréal Pride also seeks to provide these communities with a showcase of cultural expression allowing festival goers the opportunity to celebrate their acquired social and legal rights through festive, cultural and community-themed advocacy activities.

Every year, the Montréal Pride festival unfolds over several days of activities which include the Parade and the Community Day, in order to highlight in a festive manner the advances achieved by the GSD communities. As we also wish to make the public aware of the various challenges remaining to eliminate discrimination at home and in the world, the programming of the Montréal Pride festival fully embraces the three prongs of community, culture and festivity.

## A BRIEF HISTORY

The first Pride march organized in Montréal dates back to 1979 and brought together only 52 participants. The following year, in 1980, some 250 participants marched in the parade. Between 1981 and 1992, various committees organized Pride parades in Montréal that were always held at the end of June. In 1993, the organization Divers/Cité was founded and became responsible for the annual Pride celebrations up until 2006. In 2007, the present day Montréal Pride committee became its successor and has since organized the Pride celebrations. We marked our 10th anniversary with the 2016 edition. In 2017, we organized the first-ever edition of Canada Pride, the event bringing together the 80 Pride organizations from across the country.

## AN ESSENTIAL EVENT

Nowadays, in almost all of the world's cities where assemblies of the sexual and gender diversity (SGD) communities are authorized, events called Pride are organized. Montréal is also part of those cities whose DNA includes members of the SGD communities. The visibility afforded through these festivals (or Prides) demonstrates the diversity of our society, highlights the social and human rights advances while indicating what remains to be done to achieve full social acceptance. The Montréal Pride festival thus acts as a federative event providing Montréal-area SGD communities with the opportunity to reach the general public through the festivities.

## BOARD OF DIRECTORS 2019

Established at the initiative of the SGD community, Montréal Pride is a not-for-profit organization managed by a board of directors whose members represent local SGD associations, the business community as well as the special events and tourism industries.

## YOUR INVOLVEMENT ALLOWS US TO MOVE FORWARD

### COMMUNITY INITIATIVES AND SOCIAL RESPONSIBILITY

The Montréal Pride festival has implemented several community initiatives to allow a maximum number of groups, associations and individuals to participate in a maximum of activities.

- + Funding of over 20 social and community event projects submitted and produced by community groups
- + Removal of parade and community day registration fees for all sexual and gender diversity organizations with a budget of under \$100,000.
- + Financial assistance to 21 groups for the production of banners, promotional materials and t-shirts for use in the parade.
- + Creation of safe spaces and hiring of outreach agents for the poc, trans persons and indigenous communities.
- + Funding for events organized and held by and for trans persons and people of colour.
- + Support for groups working with marginalized people (trans persons, people of colour, women, young people, indigenous peoples, persons with disabilities, autistic persons, etc.)

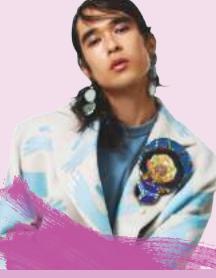

### ENVIRONMENTAL INITIATIVES

We focus on the importance of simple actions to reduce our ecological footprint and environmental impacts (related to transportation, food and beverage, waste and recycling and wasted energy).

THANKS TO YOUR INVOLVEMENT,  
THE MONTRÉAL PRIDE FESTIVAL  
IS GIVING BACK OVER  
**\$250,000 TO THE COMMUNITY.**

## 2019 PROMOTIONAL TOUR

Montréal Pride covered both Canada and the USA during the promotional tour for the 12<sup>th</sup> edition of the Montréal Pride festival. The tour was made possible thanks to the support of Tourisme Montréal, Tourisme Québec and the Canada Economic Development (CED) agency. Our teams promoted several of our festival events, distributed promotional materials, invited people to participate in a contest to win a stay during Montréal Pride and were even able to take selfies with their visitors.
